Work Portfolio

SUMMARY

Registered Civil Engineer (RCE) and Safety Officer II with over two years of experience in residential, commercial, industrial, and institutional roofing estimation. Proficient in PlanSwift, Bluebeam Revu, Roofr, and STACK Construction Software, with hands-on estimating experience in roofing systems, shear wall systems, and painting systems. Familiar with Xactimate and various CRM software, with strong adaptability to new estimating and project management platforms. Experienced in reviewing construction drawings and specifications, preparing accurate quantity takeoffs and cost estimates, and maintaining organized project documentation. Detail-oriented, highly organized, and committed to delivering accurate estimates and timely project support.

PROFESSIONAL EXPERIENCE

Senior Roofing & Sidings Estimator

Puyat Steel Corporation

April 2026 – Present

- Review bid documents and construction drawings to ensure complete and accurate project estimates.
- Validate estimates prepared by junior estimators for pricing accuracy and completeness.
- Maintain estimating standards and update material cost databases.
- Mentor junior estimators on estimating procedures and best practices.
- Coordinate with sales representatives, engineers, and clients to clarify project scope and resolve discrepancies.
- Conduct site visits to verify existing conditions, measurements, access requirements, and installation logistics.
- Maintain organized project documentation to support estimating and project execution.

Roofing Estimator

Puyat Steel Corporation

May 2024 – April 2026

- Prepared accurate roofing quantity takeoffs and cost estimates from architectural and structural drawings.
 - Produced roofing layouts and calculations using AutoCAD and Microsoft Excel.
 - Reviewed specifications, drawings, and project documents to ensure estimate completeness.
 - Assisted sales representatives by providing accurate material quantities and pricing.
 - Performed rainfall capacity evaluations for roofing systems based on project requirements.
 - Coordinated project information with engineers and clients to ensure accurate documentation.
-

KEY ACHIEVEMENTS

- Prepared accurate roofing estimates for 400 residential, 300 commercial, 100 industrial, and 50 institutional projects with minimal variance between estimated and final costs.
- Successfully managed an average of three roofing estimates per day while maintaining high accuracy.
- Completed quantity takeoffs for roofing projects exceeding 33,814.90 square meters.
- Reviewed and coordinated multiple roofing projects from estimating through project turnover.

EDUCATION

Bachelor of Science in Civil Engineering

University of Batangas – Batangas City

Graduated 2022

CERTIFICATIONS

- Civil Engineering Licensure Exam (CELE) | Professional Regulations Commission | 2023
 - Safety officer II | JGDC Occupational Safety and Health Consultancy | 2022
 - Bluebeam Revu: Construction takeoffs | LinkedIn Learning | 2026
 - Excel formulas and functions Quick tips | LinkedIn Learning | 2026
 - Managing Multiple Projects | LinkedIn Learning & PMI | 2026
 - Construction Management: Reading Drawings and Specifications | LinkedIn Learning | 2026
 - Navisworks Essential Training | LinkedIn Learning | 2026
 - Mechanical Systems: Reading HVAC, Plumbing and Other Drawings and Schematics | LinkedIn Learning | 2026
-

TECHNICAL SKILLS

- Roofing Quantity Takeoffs
 - Roofing Cost Estimation
 - Construction Drawing Interpretation
 - PlanSwift
 - Bluebeam Revu
 - AutoCAD
 - Microsoft Excel
 - Roofr (Basic Working Knowledge)
 - STACK
 - Google Workspace
 - Construction Documentation
 - Material Quantity Verification
 - Wall Framing Detailed Takeoff
 - Painting Detailed Takeoff
-

PROFESSIONAL STRENGTHS

- High attention to detail
 - Strong organizational skills
 - Independent and self-motivated
 - Excellent written communication
 - Time management
 - Multitasking
 - Problem solving
 - Team collaboration
 - Reliable project documentation
 - Fast learner of new software and workflows
-
